

Satellite Series - Sprayer/Foamer

The Satellite Sprayer/Foamer delivers the economy and flexibility of the Satellite series in a versatile and convenient foaming, spraying, and rinsing system.

Features

- ▲ Unbeatable versatility, foaming spraying and rinsing functions in one device. Choose either the foaming or spraying nozzles to apply a rich foam or spraying solution (e.g. sanitizer) then disengage the chemical supply for rinsing using the integrated switch-to-rinse toggle.
- ▲ Easily select either a wide-angle spraying pattern or powerful jet-stream simply by rotating the rinse-pattern selector.
- ▲ Mobile: Take it anywhere! You don't need to attach it to a wall or buy a cart - it goes anywhere you can find water and carry your chemical container!
- ▲ Includes AccuPro Pressure Regulation Technology (patent pending): No more fluctuating dilution rates as water pressure varies - with the new AccuPro technology, your dilution rate is always consistent, across a wide range of pressures. And that means your product performs as it's supposed to!

Features (cont.)

- ▲ Handy On/Off trigger: Easy to operate with one hand
- ▲ Convenient locking button: Activate the Satellite with the On/Off trigger, then lock it in the "On" position - all with one hand!
- ▲ Overmolded handle: For safe, sure gripping.
- ▲ Adjustable velcro strap for container stability: Allows you to secure either an F-style or round bottle to the Satellite for better balance.
- ▲ Multiple dilution rates: Pick from 14 different dilution rates using the metering tips included with the Satellite. (Additional tips available)
- ▲ Easy connections to water source: Use one of the optional connectors for quick and easy access to almost any water source.

Use it Anywhere

There's an application for the Satellite proportioner in almost any cleaning environment:

- ▲ Full Service Restaurants
- ▲ Quick Serve Restaurants
- ▲ Convenience Stores
- ▲ Health Care
- ▲ Locker Rooms
- ▲ Food Service
- ▲ Facility Management
- ▲ Retail Stores
- ▲ Malls
- ▲ Supermarkets
