

TOTAL ECLIPSE

Chemical Management System

A reliable automatic management system for laundry operations requiring sophisticated control and data management.

Features

- Controls up to 8 products
- Program up to 20 different wash formulas
- Connect to Machine Interface and Pumpstand via low voltage cables
- PC based programming with Formula Editor software
- “A”, “B”, “C” program quantities available for all pumps
- AFS (Auto Formula Select) simplifies formula selection in Standard Mode on fully programmable washers
- Separate passwords for Installer and Laundry Manager provides confidential report printing with no need to access programming menus
- Easy transfer of program files and reports via USB flash drive
- Data reports in HTML format can be read directly into Excel spreadsheets
- Backwards compatible with NOVA LM-100, LM-200, LL-6000, & LL-80,000 pumpstands
- 5 Modes of operation, Standard, Relay, Event, Occurrence, Grouping
- Easy to read LCD Display

Total Eclipse CMS is a versatile controller that is backwards compatible with existing NOVA pumpstands and provides reports of production, cost, and chemical consumption.

Advantages

LM-100

LM-200

LM-200 EURO

LL-6000

LL-80,000

- Simple PC based programming
- Intuitive menu structure
- Six line, plain text menu and button prompts display on controller
- Multiple languages available
- Name formulas and pumps with customer and industry-specific names
- Vertical or horizontal mounting
- Controller setup files can be moved from controller to controller via USB
- Time or volume calibration
- Part of a pre-wired modular system
- Dual level password protection
- SAE or metric units of measurement
